Health & Safety

Policies

Illness Screening

Step 1: You will be required to complete a daily health check each day before attending a program.

Participants should stay at home when symptoms of illness develop, such as:

Fever	Yes	No
Chills	Yes	No
Cough or worsening chronic cough	Yes	No
Shortness of Breath	Yes	No
Loss of Smell or taste	Yes	No
Diarrhea	Yes	No
Nausea and vomiting	Yes	No

If you answer “YES” to one of the questions included under “Key Symptoms of Illness” (excluding fever), you should stay home for 24 hours from when the symptom started. If the symptoms improve, you may return to the Centre when you feel well enough. If symptoms persist or worsen, seek a health assessment.

If you answered “YES” to two or more of the questions included under “Key Symptoms of Illness” or you have a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, you should not return to daycare until Covid-19 has been excluded and your symptoms have improved.

Health & Safety Policies

When a Covid-19 test is recommended by the health assessment:

If the COVID-19 test is **positive**, the person must stay home until they are told by public health to end their self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.

If the COVID-19 test is **negative**, the person can return to the childcare facility once well enough to participate. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless the person develops a new illness. (BCCDC has more information on receiving negative test results.

·If a COVID-19 test is **recommended but not done**, self-isolate for 10 days after the onset of symptoms and return when feeling Well enough to participate. If you are unsure, call 8-1-1 for advice.

If a Covid-19 test is not recommended by the health assessment, the person can return to care when symptoms have improved, and they feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not Covid-19).

If you are unsure, call 8-1-1 for advice.

We are taking opening up and providing this service to our community very seriously and we know and understand that this looks different than in the past. We have you and our staff as our priority in keeping everyone safe and healthy.

With that in mind, The James Bay Community School Centre is responsible for the policies and procedures that we have implemented and can control. We are committed to ensuring that proper procedures and policies are being followed. We will do our part by limiting the number of people in attendance, encouraging social distancing, making sure there's enough room to social distance, and try to enforce a sanitization policy.

It is important to note that we do not have control over what participants do when not in our program. Because there are factors out of our control, if this makes you nervous or uncomfortable, please do not participate in our programs.

Rules are subject to change and will be updated as needed. Those disregarding the rules will be asked to leave the facility and not return.
